Quilt Trails of Western North Carolina

This trail follows the Toe River and has lots of beautiful mountain farmland. It is easy to get lost on these rural mountain roads, but if you keep going downhill, you will eventually find your way out! You might want to pack a picnic lunch before heading out on this trail. If you head in an easterly direction, you will pick up the Bakersville Trail.

NOTE: While we try hard to keep the maps updated, blocks are going up all the time and the maps may not always be accurate. If you spot a block not on the map, take a picture if you can and email it to us so we can update the map both for the next printing and for the internet. (In other words - become one of our volunteers!!)
